Every maze in this library was computer-generated and then verified solvable — each one has exactly one solution path from entrance to exit. All maze shapes are original designs created for this product.

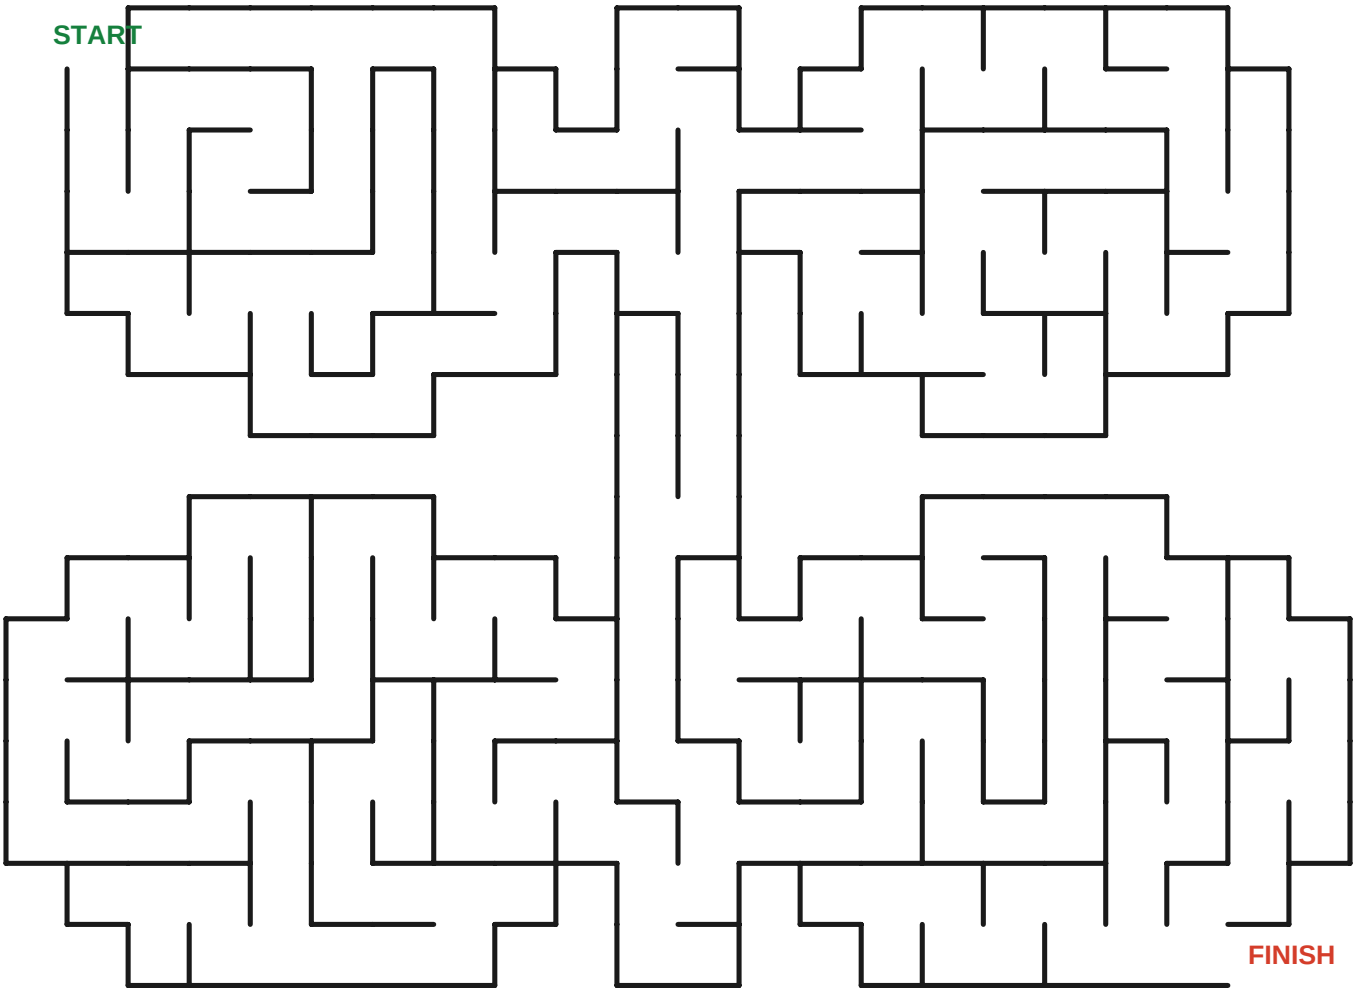

What's Inside

200 shaped mazes in 24 original outline designs.
Every outline is a single connected maze — no dead islands.
Entrances and exits sit on the outline, marked START and FINISH.

200 mazes, each with its own full solution page.
Solutions begin on page 205, in the same order as the mazes.
